Intensified Sanctions on Iran

PRESS STATEMENT

MICHAEL R. POMPEO, SECRETARY OF STATE

JANUARY 10, 2020

BF05

Today, the United States is taking a series of actions in response to Iran's attacks against U.S. forces and interests, and to deprive the Iranian regime of revenue to conduct its violent foreign policy. We will continue to hold individuals and entities accountable for supporting the Iranian regime's many fronts of terror.

We are sanctioning eight senior Iranian leaders, including Ali Shamkhani, the Secretary of the Supreme National Security Council, Gholamreza Soleimani, the Commander of the Basij, and six other senior officials pursuant to Executive Order 13876 (E.O. 13876) for being appointed by, or acting for or on behalf of, the Supreme Leader. These individuals have carried out Iran's terror plots and campaigns of mayhem across the region and are complicit in the recent murders of around 1,500 Iranians protesting for freedom.

The Iranian regime exploits revenue from its metals industry to fund its destabilizing activities. Accordingly, the Department of State is sanctioning Pamchel Trading (Beijing) Co., Ltd. pursuant to section 1245 the Iran Freedom and Counter-Proliferation Act for transferring 29,000 metric tons of steel from an Iranian firm that is a Specially Designated Global Terrorist. The Department of the Treasury is similarly sanctioning twenty-two entities and three vessels pursuant to E.O. 13871, for operating in the iron, steel, aluminum, or copper sectors of Iran, and related activities.

The President will also issue an Executive Order authorizing the imposition of sanctions with respect to additional sectors of the Iranian economy, including: construction, manufacturing, textiles, and mining. This action will significantly expand the United States' ability to target this regime's various revenue streams.

As President Trump said yesterday, our sanctions will remain until Iran changes its behavior. The civilized world must send a clear and unified message to the Iranian regime: Iran's campaign of terror, murder, and mayhem will not be tolerated any longer. The United States calls on all nations to stand against the Iranian regime's ideology of terror and to hold Iran accountable for its violence.

Treasury Targets Iran's Billion Dollar Metals Industry and Senior Regime Officials

January 10, 2020

Action coincides with President's Executive Order expanding authorities to target additional sources of revenue used by the Iranian regime

WASHINGTON – Today, the U.S. Department of the Treasury's Office of Foreign Assets Control (OFAC) took action against eight senior Iranian regime officials who have advanced the regime's destabilizing objectives, as well as the largest steel, aluminum, copper, and iron manufacturers in Iran, who collectively generate billions of dollars annually. Treasury's action includes the designations of Ali Shamkhani, the Secretary of Iran's Supreme National Security Council; Mohammad Reza Ashtiani, the Deputy Chief of Staff of Iranian armed

mining companies, a network of three China- and Seychelles-based entities, and a vessel involved in the purchase, sale, and transfer of Iranian metals products, as well as in the provision of critical metals production components to Iranian metal producers.

Concurrently with today's designations, the President is signing a new Executive Order (E.O.) that targets additional sources of revenue used by the Iranian regime to fund and support its nuclear program, missile development, terrorism and terrorist proxy networks, and malign regional influence. Specifically, this E.O. authorizes the Secretary of the Treasury, in consultation with the Secretary of State, to impose sanctions against persons operating in or transacting with additional sectors of the Iranian economy, including construction, mining, manufacturing, and textiles.

"The United States is targeting senior Iranian officials for their involvement and complicity in Tuesday's ballistic missile strikes," said Secretary Steven T. Mnuchin. "We are also designating Iran's largest metals manufacturers, and imposing sanctions on new sectors of the Iranian economy including construction, manufacturing, and mining. These sanctions will continue until the regime stops the funding of global terrorism and commits to never having nuclear weapons."

FOREIGN PURCHASERS AND TRANSPORTERS OF IRANIAN STEEL, AND PROVIDERS OF CRITICAL MATERIALS NEEDED FOR IRANIAN METAL PRODUCTION

Since August 2019, Beijing-based trading company **Pamchel Trading Beijing Co. Ltd.** has purchased tens of thousands of metric tons of steel slabs on a monthly basis from Iran's Esfahan Mobarakeh Steel Company.

During 2019, Pamchel Trading Beijing Co. Ltd. has sold multiple consignments of carbon blocks, cathode blocks, and graphite electrodes to Iranian minerals trading firm Khalagh Tadbir Pars Co. for shipment to Iran and use by Iranian metals producers. Since August 2019, Khalagh Tadbir Pars Co. has purchased materials including carbon blocks and cathode blocks from Pamchel Trading Beijing Co. Ltd. for ultimate end-use by the Iran Aluminum Company.

Pamchel Trading Beijing Co. Ltd. has also facilitated Khalagh Tadbir Pars Co.'s purchase of materials such as cathodes from Chinese manufacturers. Additionally, in November 2019,

Pamchel Trading Beijing Co. Ltd. is being designated pursuant to E.O. 13871 for having knowingly engaged, on or after the date of the E.O. 13871, in a significant transaction for the purchase, acquisition, sale, transport, or marketing of iron, iron products, aluminum, aluminum products, steel, steel products, copper, or copper products from Iran, as well as for having materially assisted, sponsored, or provided financial, material, or technological support for, or goods or service in support of Khalagh Tadbir Pars Co.

Pamchel Trading Beijing Co. Ltd. uses **Power Anchor Limited**, located in the Seychelles, as a front company to obfuscate the true Iranian end-user for metals-related materials shipped to Iran. Pamchel Trading Beijing Co. Ltd. has also used Power Anchor Limited to facilitate payments from Iranian steel companies for purchases of graphite electrodes used in metal production brokered by Pamchel Trading Beijing Co. Ltd. Power Anchor Limited is being designated pursuant to E.O. 13871 for being owned or controlled by, or having acted or purported to act for or on behalf of, directly or indirectly, Pamchel Trading Beijing Co. Ltd.

In September 2019, the vessel **Hong Xun** transported steel slabs purchased by Pamchel Trading Beijing Co. Ltd. from Esfahan Mobarakeh Steel Company from Bandar Abbas, Iran, to China. **Hongyuan Marine Co. Ltd.**, located in Zhejiang, China, is the registered owner of the vessel Hong Xun, as well as the vessel's Ship Manager/Commercial Manager. Hongyuan Marine Co. Ltd. is being designated pursuant to E.O. 13871 for having knowingly engaged, on or after the date of E.O. 13871, in a significant transaction for the purchase, acquisition, sale, transport, or marketing of iron, iron products, aluminum, aluminum products, steel, steel products, copper, or copper products from Iran through its vessel, Hon Xun. OFAC is also identifying the Hong Xun as blocked property in which Hongyuan Marine Co. Ltd. has an interest.

IRANIAN IRON AND STEEL COMPANIES AND OMAN-BASED SUPPLIER

Today's action targets the 13 largest steel and iron manufacturers in Iran, who collectively generate billions in sales annually.

Mobarakeh Steel Company is the biggest steel producer in the Middle East and the biggest direct reduced iron producer in the world. Mobarakeh Steel Company produces more than 50 percent of Iran's steel in all major markets. OFAC previously designated Mobarakeh Steel Company in October 2018 pursuant to E.O. 13224, a counterterrorism authority, for

In addition to Mobarakeh, OFAC is designating **Saba Steel, Hormozgan Steel Company, Esfahan Steel Company, Oxin Steel Company, Khorasan Steel Company, South Kaveh Steel Company, Iran Alloy Steel Company, Golgohar Mining and Industrial Company, Chadormalu Mining and Industrial Company, Arfa Iron and Steel Company, Khouzestan Steel Company, and Iranian Ghadir Iron & Steel Co** pursuant to E.O. 13871 for operating in the iron, steel, aluminum, or copper sectors of Iran.

OFAC is also designating Oman-based Reputable Trading Source LLC, which is owned or controlled by, or has acted or purported to act for or on behalf of, directly or indirectly, Khouzestan Steel Company. Reputable Trading Source LLC was incorporated to provide and supply the spare parts, equipment, and raw material that is required by steel companies, and further engages in marketing and exporting steel products from Iran.

IRANIAN ALUMINUM AND COPPER COMPANIES

OFAC is also taking action against the top companies operating in the Iranian aluminum and copper sectors.

Iran Aluminum Company was established as the first producer of aluminum bricks in Iran, and accounts for approximately 75 percent of the country's total aluminum production volume. Also designated today is **Al-Mahdi Aluminum Corporation**, a top producer of aluminum in Iran, and **National Iranian Copper Industries**, the leading copper producer in the Middle East and North Africa region. Khalagh Tadbir Pars Co. is a minerals trading firm that deals in iron ore, copper concentrate, alumina, and aluminum.

As the head of the SNCS, Ali Shamkhani plays a key role in implementation of the Supreme Leader's domestic and foreign policies.

Brigadier General **Gholamreza Soleimani** was appointed by the Supreme Leader on July 2, 2019 as the Commander of the Basij Resistance Force, a paramilitary force subordinate to IRGC. Reza'i is a former IRGC commander who is suspected of involvement in the 1994 terrorist attack against the AMIA Jewish community in Argentina, resulting in the deaths of 85 people. Reza'i remains wanted by Argentina and has an active international arrest warrant through Interpol.

Mohammad Reza Naqdi was appointed by the Supreme Leader as the Deputy Coordinator of the IRGC in May 2019. Naqdi is the former Commander of the Basij, as well as a former head of the Basij intelligence unit who was responsible for the interrogation of those arrested during the post-election crackdown in 2009. In this role, he extracted forced confessions from high-ranking reformist leaders broadcast on Iranian state-run television. As a result of his actions in the aftermath of the 2009 protests, Naqdi was previously designated by Treasury in 2011 pursuant to E.O. 13553, a human rights authority.

MOHAMMAD REZA ASHTIANI AND ALI ABDOLLAHI
